	1:00																		
	2:00																		
Monday	9:00	C 206	Prestressed Concrete	Dr. Omar	G201	Theory of plates and Shells	Dr. Fatmsha	C205	Advanced Concrete Technology-II	Dr. Dilshad Kakasor				C203	Rock Mechanics	Dr. Yasif	206	Advanced Solid Waste Management	Dr Abdulfatah
	10:00																		
	11:00																		
	12:00							C201	Advanced Pavement Engineering	Dr Abdulhakim				C203	Foundation Subsidence	Dr. Ahmed Abdulhamid			
	1:00	C 206	Structural Analysis	Dr. Muhammad															
	2:00																		
	3:00																		
Tuesday	9:00	C 206/C203	Water Supply/CAD for Concrete Structures	Kosar Dr. Kosar Abdulla	G201	Finite Element Analysis	Dr. Ali				C208	GNSS Application in Traffic Eng.	Dr. Muhammad						
	10:00																		
	11:00																		
	12:00	C 206	Highway Engineering	Dr. Abdulhakim							C201	GIS Application in Environmental Engineering	Dr. Jihan				C201	GIS Application in Environmental Engineering	Dr. Jihan
	1:00																		
	2:00																		
Wednesday	9:00				G201	Plastic Analysis and Design	Dr. A. Hadoyo + Bazan				C203	Advanced Numerical Analysis	Dr. Kamaran				C206	Advanced Water and Wastewater Treatment	Dr. Sirwan
	10:00																		
	11:00																		
	12:00										C203	Site Investigation and soil Tests							Dr. Hesham
	1:00																		
	2:00																		
Thursday	9:00	C 206	Site Investigation	Hawkar	G201/G203	Sustainability and durability of concrete structures/ Advanced Foundation Engineering	Dr. Sirwan / Dr. Rizgar	C201	Sustainability and durability of concrete structures	Dr. Sirwan				C203	Advanced Foundation Engineering	Dr. Rizgar	C206	Advanced Engineering Hydrology	Dr. Darat
