Dear Dr Adham

Please find attached a manuscript which has been submitted to the International Journal of Energy Production and Management and Prof Hussain Al-Kayiem has suggested your name to me as a possible reviewer. In view of your expertise in the subject matter, the Editor would be grateful if you could advise us on the suitability of this manuscript for publication. To facilitate the process, we would appreciate it if you could include your comments on the review form attached.

If you are unable to act as a reviewer for this paper, I wonder if you can recommend anybody among your colleagues who may be able to help us with this review.

In appreciation of your time and effort, should you consider submitting a manuscript to this Open Access Journal, you would be entitled to a 75% reduction of the publication fee, subject to the paper being accepted.

The International Journal of Energy Production and Management is open access and indexed in Scopus. Its scope and objectives, as well as any other relevant information, can be found at <https://www.witpress.com/journals/eq>.

A copy of our Ethics and Malpractice Statement can be found at:  
[www.witpress.com/downloads/journals/resources/witpress\\_ethics\\_and\\_malpractice.pdf](http://www.witpress.com/downloads/journals/resources/witpress_ethics_and_malpractice.pdf)

I would be most grateful if you could let me know, by return, whether or not you are able to review this paper.

Best regards  
Jane Chantler

**\*Reviewer Recognition\***

At WIT Press, we are continually working to ensure the best possible relationship with our reviewers and so we have added our International Journals and WIT Transactions to reward systems that encourage and support these important activities. Reviewers are invited to claim greater recognition for their work through services such as \*ReviewerCredits\* (<https://www.reviewercredits.com>) and \*Publons\* (<https://publons.com>).
