

IEC-2026

11th International Engineering Conference

Letter of Appreciation

Date: 3/05/2026

Dear Assistant Prof. Basil Younus Mustafa
(Erbil Polytechnic University, Iraq)

We sincerely thank you for reviewing the 2 articles (listed below) submitted to the 11th International Engineering Conference (IEC2026), jointly organized by Tishk International University, Erbil Polytechnic University, and Nusa Putra University.

Thanks to your contributions, which help us organize such a great international engineering conference, host researchers from all over the world, and provide a dynamic and fruitful environment that fosters scientists, researchers, and scholars in the computer and civil engineering fields. Thank you again for all of your generous support. We could not have done it without you! We look forward to your contribution again next year.

List of articles:

No.	Paper Name
1	Assessing the impacts of urbanization and climate variability on land use dynamics using an LSTM network..
2	Removal Efficiency of Groundwater Contamination Using Partial Sparging through LTV

Sincerely,

Dr. Abubakar M. Ashir
