Dr Dashne Sedeeq and Dr Fuad Khoshnaw  
Erbil Polytechnic University / De Montfort University

Dear Dr Dashne Sedeeq and Dr Fuad Khoshnaw,

**Re: Academy of Medical Sciences Global Challenges Research Fund Networking Grant to Dr Dashne Sedeeq, £24,995.00, *Realising Education's Promise for Children Refugees from Syria: Assessment of Education Provision and Learning Environments in Iraq***

Following on from previous correspondence with the Academy, this letter provides confirmation of the revised end date for your GCRF Networking Grant.

The new end date for your GCRF Networking Grant is **14 May 2024**. This denotes an extension in time only and no further funding will be made available. The Grant Conditions as detailed within your signed Grant Acceptance Form and related Grant Conditions document will continue for the duration of this extension.

Please note that at the end of your award you are required to report your research outputs on Researchfish in the following submission window. You are also required to submit a Final Expenditure Form within three months of the end of your award. I look forward to hearing more on the progress of your Networking Grant in due course.

Yours sincerely,

James Harden
