PROFILE

Dedicated assistant lecturer and former Head of Road Construction Department at Erbil Technology College/Erbil Polytechnic University with expertise in Transportation Engineering. Proven track record in teaching, research, and curriculum development. Skilled in fostering engaging learning environments and integrating technology. Eager to contribute to academic excellence and student success.

WORK EXPERIENCE

Assistant Lecturer

2017 - PRESENT

- Conducted lectures, seminars, and tutorials for undergraduate students in Highway Engineering.
- Developed course materials, including syllabi, lecture notes, and assignments, to facilitate student learning.
- Implemented innovative teaching methods to engage students and promote active learning.
- Provided academic advising and support to students, including guidance on course selection and career paths.
- Evaluated student performance through assessments, exams, and project presentations.
- Engaged in scholarly research activities, including publishing papers in peer-reviewed journals and presenting at conferences.
- Collaborated with colleagues on interdisciplinary research projects.
- Participated in departmental meetings, committees, and other university activities.
- Contributed to curriculum development and revision efforts to align with academic standards and industry trends.
- Fostered a positive and inclusive learning environment where all students felt valued and supported.
- Represented the university at academic conferences, community events, and outreach activities.

Head of Road Construction Department

2020 - 2023

Erbil Technology College/Erbil Polytechnic University

- Led and managed the Road Construction Department, overseeing a team of [30] faculty members and staff.
- Developed and implemented departmental goals, strategies, and policies to ensure alignment with the university's mission and objectives.
- Coordinated curriculum development efforts, including the design and review of course offerings related to road construction and infrastructure development.
- Directed research activities within the department, fostering collaboration and interdisciplinary partnerships.
- Managed departmental budgets, resources, and facilities to support teaching, research, and service activities.
- Supervised faculty recruitment, evaluation, and professional development initiatives to maintain high standards of teaching and scholarship.
- Represented the Road Construction Department at university meetings, committees, and events, advocating for departmental interests and initiatives.
