Kerpen, 26/10/2023

Daniel Brown

  
**MADE IN GERMANY**

Since 1979, Lucas-Nülle has made it its business to develop high-quality training systems for all technical key areas. The focus was and still is on the great goal of revolutionising education worldwide.

In order to further develop this goal, the LN Academy was founded in 2012.

Its primary goal is the implementation of the 4th point of the UNESCO Sustainable Development Goals - Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.

It's about the future of our society, the development of our youth, and the opportunities that each and every one of us deserves. And with the LN Academy, we're on the right track to make this vision a reality.

Managing Director: Jörg Siekmann

Head of Academy: Chris Klingler
