

IEC-2023

9th International Engineering Conference

“A new Trend for Research and Development in Engineering”

Letter of Appreciation

Date: 22/02/2023

Dear, Dr. Sarakot Asaad Hasan
(Erbil Polytechnic University, Iraq)

We wish to genuinely thank you for reviewing the 4 articles (listed below) submitted on 9th International Engineering Conference (IEC2023), jointly organized by Tishk International University and Erbil Polytechnic University, and technically sponsored by IEEE represented by IEEE Iraq Section.

Thanks to your contributions, which help us to organize such a great international engineering conference hosted the researchers from all over the world and provide a dynamic and fruitful environment that fosters the scientists, researchers, and scholars in the computer and civil engineering fields.

Thank you again for all of your generous support, we could not have done it without you!

We look forward to your contribution again next year.

List of articles:

Paper ID	Paper Name
1570832187	An Analysis on the Viability of Bamboo as an Alternative to Steel
1570866991	Flexural Strength of Woven-Strand Bamboo (WSB) Reinforced Concrete Beams
1570871607	Numerical Investigations of Effective Parameters on Multi-Story Building Having
1570878477	Predicting Ultimate Strength of FRCM Confined Cylindrical Concrete Specimens

Sincerely,

Dr. Abubakar M. Ashir
IEC2023 Chair

Dr. Ganjeena J. Khoshnaw
IEC2023 Co-Chair
