Dear Dr Shahab Kareem:

Thank you for reviewing the above manuscript, entitled "Enhancing performance of Pediatric Myelodysplastic Syndromes Detection using an efficient and novel Multidomain Feature Analy Model with Incremental Optimizations" for Computer Methods in Biomechanics and Biomedical Engineering.

We greatly appreciate the voluntary contribution that each reviewer gives to the Journal. We hope that we may continue to seek your assistance with the refereeing process for Computer Methods in Biomechanics and Biomedical Engineering, and hope also to receive your own research papers that are appropriate to our aims and scope.

We would be interested to hear your experience of reviewing for us today, please click the following link to complete a short survey: <https://survey.alchemer.eu/s3/90329429/Taylor-Francis-peer-review-survey?ac=GCMB>

Sincerely,

Dr Vickie Shim, Dr for Computer Methods in Biomechanics and Biomedical Engineering
