## **Personal Profile**

Name: Shler Qasim Hussien

Date of birth: 11.08.1969

Place of birth: Erbil, Iraqi Kurdistan

Nationality: Iraqi

## **Education and Qualifications**

**10.1975 - 06.1981** Primary school in Erbil

**10.1982 - 08.1987** High school in Erbil

**10.1988 - 08.1992** University of Mosul, Iraqi Kurdistan: **B. Sc. (Hons) in Biology,**  
1992

**2008-2010/Hawler Medical University: M. Sc. Medical Microbiology, 2010.**

**2011-2017 University of Sheffield, United Kingdom:**

**2012-2013 Research project in college of medicine Department of Infection and  
Immunity :**

This project was based on the molecular biology aspects of pathogenicity determinants involved in bacterial colonisation of the host organism, particularly the role of protein glycosylation, using recombinant DNA technology.

**Ph.D. 2014-2017 in Molecular Biology and Biotechnology, 2017**

**Ph.D. thesis: Mutational analysis and function of the 18S rRNA synthesis factor  
Utp3/Sas10**

During my time in the molecular biology laboratory I was also responsible for teaching laboratory assistants, M.Sc. and other Ph.D. students and participated fully in the academic activities of the department. My work was presented as a poster at university of Sheffield ,and contributed to academic papers (publishing pending), by my supervisor Dr Philip... I gained experience in many laboratory technique

**Post-doctoral placement, 2017:** Research on the molecular biological aspects of protein glycosylation in flagellated enteric pathogens, using genetic knock-out

techniques and developing plasmid vectors.

**17.09.17 – 15.03.18 - Diploma** in Teaching Methods and Research Methodology,  
Hawler Medical university

### **Work Experience**

1994-1999 Clinical Bacteriologist in Erbil Teaching Hospital Laboratory

1999-2009 Clinical Bacteriologist in Erbil Central Public Health Laboratory

2010- Senior Bacteriologist in Erbil Central Laboratory

2017- Senior Molecular Bacteriologist in Erbil Central Laboratory

2017 -Senior Molecular Bacteriologist in Erbil Teaching Hospital Laboratory

2017-2020 Senior Molecular Bacteriologist in Erbil Teaching Hospital Laboratory

2021-2022 lecturer at poly technic university

### **Language skills:**

Mother tongue: Kurdish

Other languages: Arabic (good), Turkish (good), English (good)

### **Computer skills:**

Microsoft Word, PowerPoint, Excel

### **Additional Training:**

11.3.1995 – 20.3.1995 Course in crossmatching of blood

1.04.1996 - 01.05.1996 training Course on microbiology and pathology of *Vibrio cholerae*

06.1999 – 8.1999 -Public Health work shop on Drinking water quality management and monitoring by(WHO)

13.06.1999 – 15.06.1999 Public Health work shop on Chemical and Microbiological Assurance of Human Food Quality by(WHO)

01.01.2000-20.01.2000 Windows98+Word97+Excel97 Training

10.02.2000 - 15.02.2000: Methods of Determination of Bacteriological Contamination of Drinking Water by(WHO)

1.07.2001 - 14.07.2001 Excel 97+Access97 Training

19.09.2001 - 26.09.2001 work shop on Identification and management of protozoa in drinking water by(WHO)

11.01.2003 - 16.01.2003 Workshop on Qualitative Identification and Treatment of *Salmonella*, *Shigella* & *Vibrio cholera* in water sources by(WHO)

19.11.2007 - 31.11.2007 Workshop on Isolation and Identification of Algae in water sources by(WHO)

17.9.2017 - 25.11.2017 Professional Development in Teaching Methods, Hawler Medical School .

13-10-2021 lecturer at polytechnic university
